Fiscal Year 2017 Budget Breakdown

Carroll County MD Health Department Funding Sources for Fiscal Year 2017

The Carroll County Health Department has a total budget of \$16,422,409.

Over half of those funds, 57%, come from grants, and nearly one million dollars or about 10% of these grant funds are competitive and non-continuous.

Collections, which come from paid services, account for 12% of the budget.

The State of Maryland supplies approximately 11% of the health department's budget, while the Carroll County Government supplies 18%. The remaining 2% of the budget is supplied by other funds made available by the county.
